Date : 4th February, 2020

Subject: Voluntary Blood Donation Camp on 7thFebruary 2020

Sir/Madam,

Every day, in fact almost every second, someone who is seriously ill receives a blood transfusion. Too often, we take it for granted that there will be a regular supply of blood available in the Blood Banks for a transfusion should we need one. We forget that blood is not a commodity that can be manufactured. It can only be obtained by donation from people.

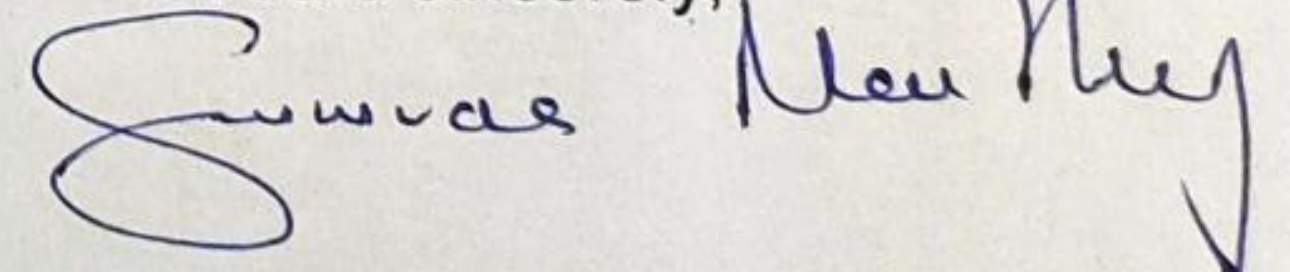

National AIDS Control Organization (NACO) and National Blood Transfusion Council (NBTC) have taken the initiative to organize Voluntary Blood Donation Camps every quarter in a year in partnership with Dr. RML Hospital & PGIMER and Dr. RML Hospital Blood Bank through the state of art Blood Mobile Bus. The details of the next Voluntary Blood Donation camp are as follows:

- Venue : **Chandralok Building Parking Area, 36 Janpath, New Delhi**
- Date : **7thFebruary 2020(Friday)**
- Time : **10:30 a.m to 03:00p.m**

We would appreciate if you can inform and encourage all the employees of your organization to come forward and participate in this noble cause of saving lives through Blood donation. Every donation helps to save 3-4 lives. It takes only 15 – 20 minutes of your time.

“Raktdaan, kar ke dekhe accha lagta hai”

Yours sincerely,

(Dr. Srinivas Murthy)
