Ministry of Parliamentary Affairs

2018

National eVidhan Application

NeVA : for Digital Legislatures

ISSUE 02

In a Parliamentary form of Government, the day-to-day working of the Parliamentary system makes large claims on time and resources of the various Ministries/Departments. Over a period of time, Parliamentary programme covers numerous intricate matters-financial, legislative and non-legislative-concerning various Ministries/Departments of the Government. The Ministry of Parliamentary Affairs, though small in size, is one of the key Ministries of the Union Government. The task of efficiently handling diverse and enormous parliamentary work on behalf of the Government in the Parliament has been assigned to the Ministry of Parliamentary Affairs. As such, the Ministry of Parliamentary Affairs serves as an important link between the two Houses of Parliament and the Government in respect of Government Business in Parliament. Created in May, 1949 as a Department entrusted mainly with the above function, it is now a full-fledged Ministry https://mpa.gov.in

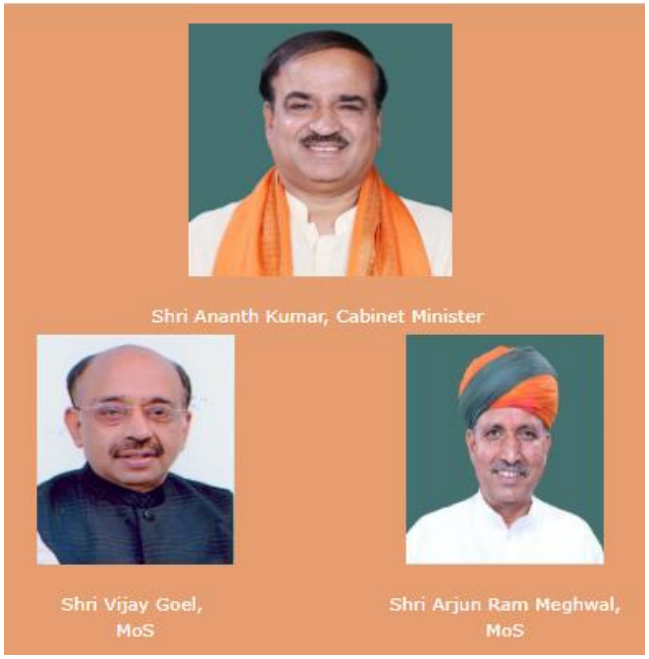
MoF in DoEA approved the eVidhan national MMP in Feb 2018 with an estimated cost of Rs 739 cr to be funded on Central sector project 60:40 pattern for all states while NER and hilly states with 90:10 basis. UTs of NCT Delhi and Puducherry may be assisted in full to adopt less-paper digital legislation process.



NeVA - a multi-tenancy Application with Single Database instance

1. Stakeholders
   - Parliament of India (Lok Sabha & Rajya Sabha Secretariat
   - All Central Ministries/Departments
   - All State Legislatures
   - All State Government Departments
   - Members of Parliament
   - Members of State legislatures

1. Paper Laying
   a. Uploading of all the Reports/Paper Laying items by the respective Government Department
   b. Making Available access to all the Papers Laying documents to the Members through Secured Mobile App.
   c. Publishing of all the Papers Laid in the Public Portal.

2. Daily Business Paper Publishing
   a. Publishing of Daily Business Papers by Parliament and all State legislatures such as LOB, Bulletins, Paper to Be Laid List, Synopsis, Questions List etc.

3. Questions/Answers
   a. Entry of Questions by all State Legislatures
   b. Entry of Answers to the Questions by the respective Government Departments
   c. Publishing Questions on Public Portal after the Question Hour by Parliament and all State Legislatures
   d. Making available Questions/Answers to the Members through secured Mobile App
   e. Publishing of Questions and Answers on Public Portal

4. Committees
   a. Committees Meeting Schedule
   b. Committees Meeting Agenda
   c. Committees Report Uploading (for laying) by respective Committee Branches of Parliament and all State Legislatures
   d. Access to Reports to Members on the day of Laying through secured Mobile App.
   e. Publishing of Reports- after Laid in the House on the Public Portal

5. Legislation:
   a. Uploading of Govt. Bills by Ministries – for introduction
   b. Uploading of various versions of Govt. Bills
   c. Uploading of Private Member's Bill by Members

d. Maintenance of Bills Database by State Legislatures

6. Members
    a. To maintain Central Database of the Members of the State Legislature
    b. Making available Bio Data of Members on the Public Portal.

7. Admin Account for respective State Legislatures
    a. To maintain Master Database in respect of Sessions, Session Dates, Members, Languages, Report Types etc.

PLAN OF ACTION

Role of NIC

- NeVA to be hosted on Cloud Server (2x2) for Application and Data Server with @P40 instances
- Prepare Data Sheet
- Prepare User Manual
- National level customisation
- CPMU and “Model Facilitation Centre”

Role of MoPA

- Draft Guidelines MoU
- Revised EFC Note
- Awareness generation workshops/VC
- IEC Material

Role of RS/LS/ Secretariat

- Allow us use of sample data for testing before acceptance
- Guidance and mentoring

Role of State -Assembly & Council Secretariat

- Use existing manpower to key in data for testing
- Set up Facilitation Centre
- Engage manpower to support the phase 1
- If they wish to go far “In-House automation” then submit “revised DPR and Business Process Re-engineering
- Share best practices to upgrade the NeVA-ver 1.0

Opening of CPMU in the office of the Ministry in Parliament House

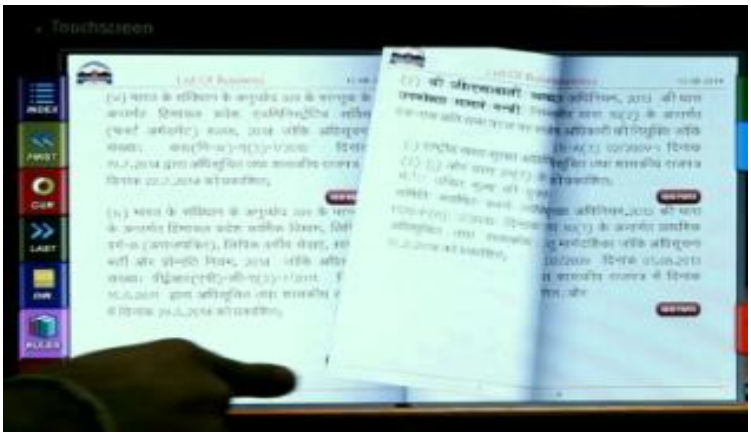
As Nodal Ministry for e-Vidhan Mission Mode Project which aims to digitize and make the functioning of State Legislatures paperless as a part of the broader Digital India Programme the Ministry is taking all the necessary steps for rolling out the Project in all the States at an early date. One of the key component of the strategy devised for implementation of the project is to create Project Monitoring Units both at Central as well as State level. Since, digitization of the State Legislatures is likely to contribute to the cleanliness of environment by reducing the use of papers to a great extent, therefore keeping in view the objective of Swachhata Pakhwada new office of Central Project Monitoring Unit (CPMU), e-Vidhan has been set up at First Floor in Parliament House Annexe, New Delhi. on 19th April, 2018.

Hon'ble Minister of State for Parliamentary Affairs Shri Vijay Goel inaugurated the new office of Central Project Monitoring Unit in the presence of Secretary, Ministry of Parliamentary Affairs Shri Surendra Nath Tripathi and Joint Secretary, Ministry of Parliamentary Affairs Dr. Satya Prakash. Ms. Nandita Chaudhri, DDG, NIC was also present on this occasion.

E-VIDHAN VIDEO CONFERENCING WITH NODAL OFFICERS OF STATE GOVERNMENTS REGARDING NEVA

Ministry of Parliamentary Affairs being the Nodal Ministry for e-Vidhan Project is taking all the necessary steps for rolling out the Project in all the States at an early date.Role of Nodal Officers appointed by the State Governments for the Project and State NIC Officers is paramount for the success of the e-Vidhan MMP. Shri Surendra Nath Tripathi, Secretary, Ministry of Parliamentary Affairs interacted with the Nodal Officers from all 31 States/ UTs with Legislatures as well as respective State NIC Officers through Video Conferencing (VC) from NIC Headquarter on 26th April, 2018. On this occasion, Dr. Satya Prakash, Joint Secretary, Ministry of Parliamentary Affairs, Ms. Nandita Chaudhari, DDG, NIC and other senior NIC Officers were also present.

During this interaction Secretary, Ministry of Parliamentary Affairs gave great emphasis on the role and to be played by the Nodal officers as well as that of State Informatics Officers (SIOs) for the success of the project. Secretary explained in details the features of National e-Vidhan Application (NeVA), which is being developed as a core product to be deployed on cloud (Meghraj) mirrored to the local State servers. NeVA would be a lite, simple, easy to download & operate Application. Purpose of the NeVA is to reduce the use of papers and bring automation in managing Legislative business in the House(s). Most of the features where no editing is required would be available for use by the Citizens without any key/password. It would have very few features for exclusive use of Legislatures/ Legislators to be accessed through ID & password. Secretary emphasised on the special role to be played by SIOs/ other State NIC Officers as it would be a National Project. They would be associated with the project for initial period of 2-3 years.



Since, digitization of the State Legislatures is likely to contribute to the cleanliness of environment by reducing the use of papers to a great extent, keeping in view the objective of Swachhata Pakhwada being observed by the Ministry from 16th to 30th April, 2018, 26th April, 2018 was specially chosen for interaction with State Nodal Officers through Video Conferencing.

14 MILESTONES IN THE ROADMAP TO OVERCOME CHALLENGES DURING THE JOURNEY OF E-VIDHAN IMPLEMENTATION: HP EXPERIENCE

1. APPROVAL OF DETAILED PROJECT REPORT (DPR): The DPR was prepared by the NIC in consultation with all stakeholders to automate the process involved in working of House including various House Committees, its Secretariat and managing constituencies by respective Hon'ble Members. It was approved in 2013 by the Ministry of Electronics & Information Technology, Government of India.

2. NECESSARY FUNDING: After approval of the DPR, the necessary funds received from the Government of India under World Bank assisted "India e-Delivery of Public Services DPL Project" by the end of 2013 to develop and implement e-Vidhan System in Himachal Pradesh.

3. CONSTITUTION OF E-VIDHAN COMMITTEE (35+ Meetings Held): In September 2013, a Committee was constituted to hold monthly meetings under the chairmanship of Hon'ble Speaker, H.P. Legislative Assembly for approving items, monitoring and steering of the e-Vidhan Project comprising of members from H.P. Legislative Assembly, NIC, NICSI and H.P. University (IT Department).

4. CONSTITUTION OF THE HOUSE COMMITTEE FOR E-GOVERNANCE & GENERAL PURPOSES (17+ Meetings Held): In April 2015, a House Committee was constituted comprising of seven Members of H.P. Legislative Assembly under the chairmanship of Hon'ble Speaker, for Monitoring the Implementation of e-Vidhan System & other e-Governance issues in the State.

5. PREPARATION OF RFP DOCUMENTS AND FLOATING OPEN TENDERS: RFP documents prepared and Open Tenders floated by the NICSI New Delhi for procurement of Hardware, Manpower for software development and providing technical support in day-to-day execution of the System.

6. HARDWARE PROCUREMENT: Computer hardware was provided for infrastructure development. Laptops provided to the MLAs including Ministers and the employees of Legislative Assembly Secretariat.

7. INTERNET CONNECTIVITY: Internet Leased Line of 34 MBPS was provided in both the premises of H.P. Legislative Assembly one at Shimla and other at Dharamshala. Internet Dongles were provided to the MLAs including Ministers.

8. ENGAGEMENT OF TECHNICAL MANPOWER: Technical manpower was engaged for software development and providing support to the e-Vidhan solution. The software development manpower was discontinued after the completion of the software whereas the support manpower which is essentially required for smooth working and maintenance of e-Vidhan System is continuing.

9. DEVELOPMENT OF INFRASTRUCTURE AT LEGISLATIVE ASSEMBLY: • Digital Assembly House:- Touch Screen installed on the table of each Member, Display Panels, e-Vidhan Control Room, Audio/Video Recording and Streaming, Video Conferencing, Touch Screen installed for Media persons • e-Vidhan Wing to facilitate the e-Vidhan solution. • e-Facilitation Centre for Hon'ble

MLAs • Hi-tech Training Room to provide continuous trainings to Hon'ble MLAs including Minister, Employees of Legislative Assembly Secretariat and all Government Departments • Digital Library • Video Conferencing and Data Centre

10. DEVELOPMENT OF E-VIDHAN SOFTWARE: • Public Website (http://evidhan.nic.in) was developed using .NET MVC Technology • Secure Website (https://secure.evidhan.nic.in) was developed using .NET MVC Technology • Software for Papers Laying in the House as e-Book using .NET WPF Technology • Mobile Apps for Smart phones and Tablets were developed using Native and Hybrid Technology • The websites are hosted at National Cloud (MeghRaj) and auto-syncing with Local Data Centre of H.P. Legislative Assembly • Multilingual and Unicode compliant Software • Integration with SMS and e-Mail Gateways for sending Alerts to all concerned • In addition to the software modules related to the paperless working of Members of Legislative Assembly, modules are also developed for various branches of Legislative Assembly Secretariat such as Legislation, MAS Branch, Account, Establishment, Admin, Public Relation etc. • IPR of eVidhan software is with the NIC • e-Vidhan Software suite comprising of Public Website, Secure Website, House Applications and Mobile Apps, has become robust enough as 10 live assembly sessions(6 at Shimla and 3 at Dharamshala) have been conducted successfully till date, in the face of complexity and change in the business process of Legislatures

Hon'ble Chief Minister, Himachal Pradesh, Shri Virbhadra Singh Launching the e-Vidhan System on 04th August, 2014

The digital transformation of H.P. Legislative Assembly by implementing e-Vidhan is a major Administrative Reform to augment faster and transparent governance.

The H.P. Legislative Assembly has become India's first ever high-tech Paperless Assembly by implementing e-Vidhan system and automating the process involved in working of House including various House Committees, its Secretariat and managing Constituencies by respective Hon'ble Members.

e-Vidhan, a sophisticated e-governance solution, fully automates the functioning of legislative assembly and significantly minimises paper usage with online communication. e-Vidhan is a software suite of public website, secure website, house applications and mobile apps.

Web-based Components:-

Salient Features:-

- *Public Website (http://evidhan.nic.in)*
- *Secure Website (https://secure.evidhan.nic.in)*
- *Aadhar enabled Authentication*
- *Role based Authorization*
- *Bilingual and Unicode compliant*
- *Hosted at National Cloud (MeghRaj) and auto-syncing with Local Data Centre at H.P. Legislative Assembly Shimla*
- *Integration with SMS and e-Mail Gateways*
- *Digital Signature*

1. Paperless Assembly Sessions:

The first Paperless Assembly Session was held in August 2014. No Manual Paper is received from the Government Departments and papers are laid online in the House using Touch Screen on the tables of Members.

Dashboards for: Speaker, Ministers, MLAs, Administrative Secretaries, HODs, Nodal Officers and employees.

Salient Features:-

- Online submission of Questions/Notices by MLAs
- Online Processing of Questions/Notices
- Sending Questions/Notices online to the departments
- Receiving Replies online from Departments
- Online Papers Laying in the House
- Online System for Reporters
- Online issuance and Police Verification of Entry Passes

2. Paperless Working of the House Committees:

Paperless Working of the 15 House Committees was started in 2016. (Online correspondence between House Committees and the Government Departments). The MLAs participate in the online meeting of the House Committees.

Dashboards for: Members of the House Committees, Administrative Secretaries, HODs, Nodal Officers and employees.

Salient Features:-

- Viewing meeting agenda and replies from departments w.r.t assurances, audit paras and questionnaire etc.

3. e-Constituency Management:

e-Constituency Management was launched in Palampur Constituency in November 2016. Workshops was also held for the concerned MLA, Pradhans, Up-Pradhans and Departmental Heads/Nodal Offices in the Constituency.

Dashboards for: MLA, SDM, Departmental Heads of Sub Divisional Level and Associated staff.

Salient Features:-

- Monitoring of Public Works, Grievances and Offices
- Sending messages to their constituents

11. CONNECTING GOVT. DEPARTMENTS WITH LEGISLATIVE ASSEMBLY: 54 Departments at the Government Secretariat are directly connected with Legislative Assembly for sending replies/information using work-flow and role-based dashboards in the secure website of e-Vidhan whereas 84 HODs and 36 Undertakings/ Corporations are further connected with the Government Secretariat for seeking replies from them by the Government Secretariat using secure e-Vidhan website.

12. CONNECTING MLAS WITH LEGISLATIVE ASSEMBLY: All MLAs including Ministers are connected with Legislative Assembly for sending online questions and notices using work-flow and role-based dashboards in the secure website as well as Mobile App of e-Vidhan.

13. CAPACITY BUILDING: • Conferences/Workshops organised (5 Nos.) • Training Programmes Conducted on Web Apps and Mobile Apps for MLAs, Employees of Departments, Media (27+ Nos.) • Trial Assembly Session for the Hon'ble MLAs and Ministers • Many rounds of Discussions held by the

Hon'ble Speaker with MLAs, Administrative Secretaries and Media regarding the acceptance and adaptability of Paperless Assembly Sessions

14. MODIFICATION OF RULES OF PROCEDURES: Necessary amendments in the Rules of Procedure & conduct of Business of H.P. Legislative Assembly have been carried out.
