(Tender ID: 2022_DADF_727090_1)

Sl. No.	RFP Clause/Sub Clause/ Page No.	Clause as Stated in the RFP	Queries Received	Clarification / Corrigendum
1	Sec. I Clause 35 Page 22 of 77	"100% Buyback of 'Fry/Crab Instars', 'Fingerlings/Crablets' 'Scampi/ Shrimp Seeds' and 'Polychaetes' Output" (Excluding Marketable Size from Grow-Out Ponds) at the rate of 'Discovered Price' from the 'Price Bid' for an initial period of Six (6) Years including the implementation period by the Authority.	If and when some of the hatchery/nursery facilities are completed before completion of 2 years from the date of agreement, can we start supplying some of the specified species and quantities which are required in the Phase -2.	Yes. The developer can start supply once the infrastructure established for some hatchery/nursery facilities before the completion of 2 years construction period, after assessment for the quality construction and after issue of go ahead approval by the committee constituted by NFDB.
2	Sec. I Clause 6 Page 14 of 77	Establish Multi Species Marine Fin Fish Hatchery (Cobia, Silver Pompano, Indian Pompano, Asian Sea Bass & Grouper, Milk fish etc.) to produce & supply sufficient Marine and Brackish water Fish Seed to interested parties.	In terms of the RFP, the species, Cobia, Milk fish is also part of the multi species marine hatchery and their output seeds to be supplied under the buyback arrangement. Cobia and Milk fish brood stock need to be domesticated to avoid breeding gap. To domesticate these species needs some time. Accordingly, we have a MOU with CMFRI for supply of	RFP Condition remains unchanged.

			the egg/yolk sac/ fry from their hatchery to start the production immediately. As early as possible we will domesticate the species to avoid breeding gap.
